PROFILE

I'm Md. Ammaar Quadri, a Computer Science graduate from Hyderabad with a strong interest in coding. I have hands-on experience with Python, HTML, CSS, MySQL & JavaScript. I'm passionate about learning new technologies and contributing to meaningful projects. Eager to grow and take on new challenges.

SKILLS

C Programming

C++ Programming

Python

Java

HTML&CSS

MySQL

Problem-Solving

Time Management

EDUCATION

2009 – 2019
Parklane, Secunderabad

B.R.J.C. Parsi High School, SSC

2019 – 2021
Paigah Colony,
Secunderabad

Sri Chaitanya Junior College, M.P.C.

2021 – 2025
Sheriguda, Ibrahimpatnam

Sree Dattha Institute of Engineering & Science, Bachelor of Technology

Mini Project:-

Predicting Home Prices using Regression Analysis:

Developed a machine learning model to predict home prices based on factors such as location, size, number of rooms, and other features. Utilized linear regression techniques to analyze relationships between variables. Preprocessed data, handled missing values, and optimized the model for accuracy. Tools/Technologies: Python, Pandas, Scikit-learn, Matplotlib.

PROFESSIONAL EXPERIENCE

Python Intern- Internship, Company - ShadowFox

Web Development & Designing Intern - Internship, Company - Oasis Infobyte

React JS Intern- Internship, Company - InternPedia
